4 Payment plan

Payment term: 7 days from the invoice date. Payment by bank transfer, ABA / KHQR or cash.

- 1st instalment 40 % — due on signing the contract and ordering the material.
- 2nd instalment 30 % — due at mid-installation: when the modules and the cabling are mounted, before the inverter, batteries and main devices are delivered or unlocked.
- 3rd instalment 30 % — due at the final handover and commissioning.

☐ Instalments 40 / 30 / 30 ☐ 100 % in advance

5 Warranty

- Installation work: 5 years.
- Solar modules, inverters and batteries: manufacturer's warranty as stated in the product datasheet.

6 Retention of title, handover and digital unlocking

The supplied solar system and all accessories, as well as the installation work, remain the property of the company until the agreed total amount has been paid in full (100 %).

The physical handover of the keys (switch cabinet / components) and the digital unlocking and activation of the inverter take place only after 100 % of the payment has been received on the company account.

Using or commissioning the system before full payment is not permitted. The company may keep the system digitally locked until full payment has been received.
